

Ms Jackie Jaguars July Newsletter.
The first week of July we will be all about red, white and blue crafts for Independence Day. We will make wind socks and have fun hand printing.

Our theme for the rest of the month will be everything messy. We will be playing with sticky stuff and mucky stuff including mud and jello. We will also make our own clean mud with toilet paper, soap and water. We will make all sorts of sticky pictures with tape, stickers and contact paper.

We will enjoy more water play so please check the schedule posted on the window. The children really enjoy this fun time.

Please can I ask everyone to bring in a family photo to be displayed in class. The children really like to look at these.
