

Mrs. Naples and Ms. Jelena's April Newsletter

March was a fun month. We enjoyed learning about Dr. Seuss. We ate green eggs and ham. And we drank pink ink. (pink milk) For St. Patrick's day we tried to look for the leprechaun and I guess he was just too fast for us! We really enjoyed learning about space. For small group we used Oreo cookies to make the different phases of the moon. We enjoyed that activity because we got to eat it!

Our themes- Spring

Easter - We will be having a egg hunt

Earth day- We will be inviting the parents to come for lunch

On the farm

We will be closed on good Friday.

Everyone is doing a great job at writing their names and recognizing their last names at circle time. Always check the classroom window for what's going on each week in the classroom.
