Dear Families,

Wow! Another school year here already! How did that happen?! Welcome everyone! Here's to the start of a wonderful school year!

News

- So, what is happening in August and September? In the classroom, the teachers are focused on getting the children comfortable in the classroom routine. Some common weekly themes you may see are: all about me, all about family/grandparents, Johnny Appleseed and community helpers.
- During the week of September 5th the 8th, the teachers will be asking grandparents to sign up to come and read to their grandchild's class. Please see your teacher's news board for more information!
- Also, if you are a community helper: police officer, firefighter, nurse, doctor, dentist, paramedic, construction worker/utility worker etc. and you would like to speak to the children about your job, please let us know! We would love to have you come and share with the children in October.
- We will also be having open house for our families in September! During open house, you can see your child's classroom, speak with the teacher and tour the school. We know parking can be tight and we just ask that you do not drive across the church field. Open house is from 6:30-7:30 pm on both nights.
- It is prime time hurricane season, please review our inclement weather policy in your parent handbooks. We will follow Pinellas County Public School Closures in the event of weather.

Happy New School Year!!!!
