Friday, September 16th Yoga begins for the preschool and VPK students

Dear Families,

Wow! Another school year here already! How did that happen?! Thank you all for a wonderful start! The children are settling in nicely and having a great time. We have a really fun group this year! Here's to the start of a wonderful school year!

News

- So, what is happening in September? In the classrooms the teachers are focused on getting the children comfortable in the classroom routine. Some common weekly themes you may see are: all about me, all about family/grandparents, Johnny Appleseed and community helpers.
- During the week of September 6th the 9th the teachers will be asking grandparents to sign up to come and read to their grandchild's class. Please see your teacher's news board for more information!
- Also, if you are a community helper: police office, firefighter, nurse, doctor, dentist, paramedic, construction worker/utility worker etc. and you would like to speak to the children about your job, please let us know! We would love to have you come and share with the children.
- We will also be having open house for our families in September! During open house you can see your child's classroom, speak with the teacher and tour the school. We know parking can be tight and we just ask that you do not drive across the church field. Open house is from 6:30-7:30 pm on both nights.
- Please slow down when driving past the front entry way. We will be painting a crosswalk that requires you to stop before pulling through in front of the door. This is for the children's safety.
- Mr. and Mrs. Hall have been busy around OLC. We will be adding a shade structure for the two's and young three's sandbox and a tire swing for the big kids. In October we will be cleaning up the garden for fall planting! The playgrounds have been freshly mulched and the bus is back from its well-baby check up! Whoo-hoo!
- We have been noticing the children falling more often on the playgrounds while wearing the crocs shoes. The best shoes for the playgrounds are sneakers with either Velcro or Laces. Thank you for your help!
- We have been in contact with the USBORN book representative. We were told the books are backordered. If anyone would like to cancel their order. Please see the front desk. We apologize for the delay.
