

Ms Jackie Jellybeans.

Hooray fall has arrived !!

In October we will be exploring everything fall.

Outside we will be collecting leaves acorns and any other cool fall things.

These will be used to make science bottles, sensory tray and for art projects.

Apples. We will be tasting different kinds and looking at the colors we see.

We will also do some baking.

Halloween is not to far around the corner. I will be posting a notice nearer the time with more details. We will be doing lots of fun activities for

Halloween including spider slime and green goop.

We will be talking about table manners also this month. Saying please and thank you, sitting correctly and helping to put our dishes away.

Please if you haven't done so already, bring in a family photo.
